

Dear reader,

Europacable wishes to submit its contribution to the consultation on Di-antimony trioxide and Medium Chained Chlorinated Paraffines.

Please find attached the filled questionnaires on behalf of the Europacable members using these substances.

For your information:

Europacable members include the largest cable makers in the world providing global technology leadership, as well as highly specialized small- and medium sized businesses from across Europe.

The product scope of our members covers the full range of energy and communication cables.

With our future being ever more electrified and digitalised, high-quality cables will be the core backbone of Europe's energy and telecommunication infrastructures. Europacable is proud to represent the producers of these high performance products at European level.

Globally our members employ over 80.000 people of which more than 50% in Europe generating a worldwide turnover over € 70 billion in 2016.

Best regards,

Annette Schermer
Advisor HSE

58, Rue Marie de Bourgogne B-1000 Brussels
